REGULATIONS:

Regulation (EU) 2016/425. Personal protective equipment repealing Council Directive 89/686/EEC.

EN 420:2003 +A1:2009

Certified and tested in EN ISO 374-1:2016/A1:2018 chemical bleach with EN 16523:2019 method

The Sof15 GLOVE type PPE should be used to protect the wearer's hand against minimal chemical and specified hazards.

This PPE should never be used against risks other than those described above. The use of this PPE should be evaluated correctly depending on the workplace. The declared performance levels for the gloves are based on tests carried out in the palm area of the glove. Before putting on the gloves, make sure they are free of defects, punctures or tears. Remove the glove if it is punctured or torn during work.
